Technical Specifications

Tile Size	lm x 0.5m x 30mm (2 tiles = 1 Square Metre)	
Tile Colour	Black with a 70% EPDM White/Blue colour Fleck	
Tile Material	100% Recycled Rubber, NR SBR - Natural Rubber / Styrene-butadiene Rubber	
Base layer	2-3mm granules	
Surface Layer	3mm thickness for extra strength & protection, fine-grained recycled tyre rubber (black) and 70% of coloured EPDM granules bonded with Polyurethane elastomer.	
Floor Hardness	is 60+/-5 ShA	
Sound Insulation	28dB (ISO 10140-3)	
Simple Installation	No floor adhesive required, tiles connect together with hidden dowels underneath on all sides to prevent any movement.	
Resistance to chemicals	good resistance to acids, alkalis and salts. Contact with oils and hydrocarbons is not advisable and will damage the floor tiles.	
Tools Required for Fitting	Stanley knife and Rubber hammer	
Cleaning	Vacuum on general setting, then lightly mop with a micro fibre mop and water mixed with a ph neutral cleaner. Do not flood the floor with water.	

Key Features

Easy Cleaning and bacteria-resistant	•
Withstand the impact of intense workouts & dropped weights easily and tirelessly	•
Improves traction, offers excellent shock absorption and allows for quicker acceleration	•
Absorption of noise	•
Loose lay with the plastic block connector provided	•
100% Recycled Rubber	•
