

## Rubber Olympic Weight Plates (Tri-Grip)

The Gym Gear Rubber Olympic Weight Plates are ideal for general weight training, plate loaded equipment, prowlers and much more.

Our Rubber Olympic Plates are designed to make lifting and loading weights onto bars easier. The premium rubber casing provides an aesthetic finish, improves durability and protects floors / plates. The unique triple grip design allows for easy and safe handling, integrated separators eliminate "nipped" fingers during loading/ removing weights and the steel inner ring allows the weight to slide on/ off the Olympic bar easily.

Tri Grip

Vibrant Weight Markings

Stainless Steel Inner Ring

Rubber Coating

### Technical Specifications

<b>Rating</b>	Commercial
