

Jacobs Ladder X

The Jacobs Ladder has been re-designed for the first time in 20 years and is now offering 4 unique climbing positions, each designed to train different muscle groups at different intensity levels. The Jacobs Ladder X is an intense Ladder Climbing Exercise Machine designed specifically for training fitness enthusiasts, athletes and professionals. The Jacobs Ladder X is self-powered and the redesigned display gives a dashboard look at workout intensity levels based on speed. Jacobs Ladder is designed so the higher you climb, the faster the rungs go.
